Member Banks are requested to process the loan applications immediately and sanction the loan as per the SHG's eligibility. State Level Bankers Committee is requested to advise member Banks in this regard.

## **II. Panchayat Level Federation (PLF- Bulk Loan)**

Under PLF Bulk loan category, the achievement is Rs.229.41 Cr (57%) as on 31.10.2022. 691 PLF Bulk loan applications (**Annexure IV Status of PLF Bulk loan achievement District wise & Bank wise and Annexure V - PLF Bulk Loan applications pending - Bank wise**) were pending with banks for Rs.356.45 Cr

Member banks are requested to advise their branches to encourage PLF bulk loan proposals and sanction the loan to eligible PLFs in time.

## **III. Credit Guarantee Fund for Micro Units (CGFMU):**

CGFMU loan scheme is introduced to encourage matured SHGs to avail higher quantum of loans from Banks. The quantum of loan shall be above Rs.10 lakh and up to Rs.20 lakh. The achievement under CGFMU loan category is Rs.541.40 Cr (72 %) as on 31.10.2022 (**Annexure VI - CGFMU achievement - District wise**)

## **IV. Other Issues related to the implementation of SHG -BLP**

### **a. Data sharing:**

Though banks have disbursed Rs.9,816.13 Cr under SHG BLP, Rs.4879.19 Cr only reflected in the NRLM portal. (**Annexure VII - Comparison between the actual performance and data shared with NRLM portal - Bank wise**). MoRD evaluate the performance of the states based on the information available in the portal.

Member banks are requested to monitor sharing of correct data with NRLM on monthly basis and initiate action to clear the backlog immediately. Instruction may also be given to branches to strictly follow uniform product code approved by Indian Banks Association for opening of SHG loan accounts.

**b. Credit Linkage to SHGs formed with elderly members**

In the SHG Bank Linkage programme, the right to credit is ensured through easy access to credit institutions, timely and adequate delivery of credit and availability of credit at an affordable interest rate for SHG members with no barrier on age.

But often we come across incidence of elderly SHG members being debarred from accessing the credit under SHG BLP due to their age. Since they are not getting credit from banks, they have to depend on Revolving Fund/Community Investment Fund assistance from TNSRLM. Nearly 20000 elderly SHG members are willing to take up small livelihood activities with the support of bank loan and banks have to help them with credit assistance

It is in this context, we request SLBC to issue suitable instructions to member banks and draw their attention to extend credit to special Self Help Groups formed with elderly members. Banks may be advised to refrain from denying credit to elderly SHG members, citing the age as the reason. LDMs may also be advised in this regard and place the subject as an agenda during DCC/DLRC meetings

**c. Providing data for submitting "Banking Correspondent Model Monitoring Sheet" (BCMMS) to NRLM**

As per the directions from NRLM, MORD, GoI , TNSRLM has to submit the details of daily transactions done by SHG members working as Business correspondents in Banks to NRLM every month. The report is named as "Business Correspondent Monthly Monitoring Sheet (BCMMS).

Since the data required for the report is related to the transactions done by the BCs, these details have to be necessarily provided by banks to the District Mission Management Units (DMMU) of TNSRLM on a monthly basis.

However, DMMUs are struggling and unable to collect accurate data from branches/BCs/BC Organisations/Corporate BCs. Many a time, the

reports compiled at the state office and submitted to NRLM has not been accepted and returned with critical remarks/comments.

Unless banks provide the details, it is very difficult for the field level functionaries to furnish accurate bank wise/branch wise/ BC wise details to state office, which in turn has to be consolidated and submitted to NRLM on monthly basis.

Hence to rectify the same and submit error free data to NRLM, SLBC is requested to advise member banks to provide the details of transactions carried out by SHG members working as BCs in the respective bank to TNSRLM on a monthly basis as per the format given in **Annexure VIII.**

**d. Extending credit to women SHGs under DAY-NRLM for loans upto Rs.5 lakhs - Adhering to RBI guidelines (2022-23)**

As per RBI Master Circular on DAY-NRLM (2022-23) dated 20.07.2022, banks have to extend credit to women SHGs at a concessional interest rate of 7% per annum for loans upto Rs.3 lakhs and at an interest rate equivalent to their 1 year-MCLR or any other external benchmark based lending rate or 10% per annum, whichever is lower for loans above 3 lakhs upto Rs.5 lakhs.

SLBC is requested to advise member banks to adhere to the above RBI guidelines for extending credit to women SHGs under DAY-NRLM for loans upto Rs.5 lakhs.

From 2022-23 onwards, the Interest Subvention is limited to women SHGs under DAY - NRLM in rural areas only. NRLM has assigned unique codes to all NRLM SHGS and District and Block Staffs were instructed to mention this unique SHG code in SHG loan application submitted manually. Banks are requested to instruct all the branch managers to insist for this code in the SHG loan application.

#### **e. Implementation of Dual Authentication System**

The Ministry of Rural Development (MoRD) has taken the Initiative and introduced a system called "dual authentication" through which the SHGs and PLFs can withdraw or transfer money at BC points. The savings bank accounts and the loan accounts of the SHGs and PLFs are mapped to BC points at the banks end.

In Tamil Nadu, the system was introduced on a pilot basis in 5 National Rural Economic Transformation Project (NRETP) Districts viz: Cuddalore, Erode, Salem, Thanjavur and Trichy and now NRLM has planned to extend Dual Authentication to 10 more Districts in one block each. The District Mission Management Unit of these 5 NRETP districts are issued with instructions to extend support to the branches implementing the Dual Authentication System. **(Annexure IX - Progress under Dual Authentication system - Bank wise)**

SLBG is requested to advise member banks having branches in these Districts to effectively implement the dual authentication system and facilitate their SHGs to do the transactions at BC points

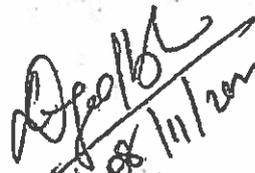

#### **f. User ID & Password for accessing the Online SHG loan application system in NRLM portal**

To ensure error free submission and easy tracking of loan applications by Banks /by TNSRLM, the District Mission Management Units, Block Mission Management Units and SHGs were trained adequately to submit the SHG loan applications to banks online through NRLM portal. Banks were also advised to adopt and encourage the system of receiving and processing the SHG loan applications online. As on 02.11.2022, 7,178 Applications were submitted online and only 420 applications were sanctioned and 379 applications were rejected and 6,379 applications were kept pending **(Annexure X – Loan application pending status in NRLM portal)**.

It is learnt that many branches are not aware of their branch login User ID and Password and the procedure to process the loan applications submitted online.

Hence, for the benefit of many newly joined BMs/ First time Branch Managers/Credit Officers, TNSRLM has shared the step by step procedure to use the online SHG loan application system, login User ID and password to all member banks and LDMS. Member banks are requested to advise their branches in this regard.

The Bank-wise details of performance under SEP-I, SEP-G, SEP-SHG bank linkage provided in the Annexure-I.

The Gist of Target & Achievement under the three Components is given below:

(Amt. In Rs. Crs)

S.No.	Particulars	Target		Disbursement 11.10.2022		%	
		No. of Individual/ Group	Amount	No. of Individual/ Group	Amount	Physical	Financial
1	SEP - I (Individual Enterprise)	6000	45.00	5121	28.83	85	64
2	SEP - G (Group Enterprise)	2500	75.00	2687	82.59	107	110
3	SEP - BL to SHG (Bank Linkage to SHG)	62258	2726.30	14612	681.01	23	25
<b>Grand Total</b>			<b>2846.30</b>		<b>792.43</b>		

The Disbursement under SEP-1 and SEP-G is satisfactory. But under SEP- BL to SHG the disbursement is only 25% of the annual target. Bank should have ideally achieved at least 50% of the proportionate target. SLBC advises the member Banks to prepare a road map and action plan to achieve the proportionate target for December 2022 and also annual target for the year 2022-23 well before 31<sup>st</sup> March 2023.

Chennai and its surrounding districts like Kanchipuram and Thiruvallur, has major industrial establishment viz., Sholinganallur, Perungudi, Ennore, Kelambakkam. Hence, the city changed to concrete Structure-Urban Jungle, which built up & paved area comprising around 64.4%.

During the floods of 2015, according to Corporation of Chennai, around 58 slums along the Cooum and slums along Adyar are cleared. There were 4562 number of families which were evicted from River Adyar and 7569 families from the banks of river Cooum. In addition to these major rivers, there were another 6790 families that were evicted from various parts of Greater Chennai region due to flood related damages.

Apart from 2015 floods, there were around 2393 families evicted during implementation of various projects (Project Affected Families) that needed to be resettled. The resettled tenements established by Tamil Nadu slum clearance board in Perumbakkam, Semmanachery, Navalur, AIR Land, Gudapakkam, Kannaghi Nagar, T-Sunami Nagar and Ezhil Nagar. Most of the households relocated from Pattinapakkam, Thideer Nagar, Sathiya Studio-Lake Area, Choolaimedu, Chetpet, Sathiyavani Muthunagar, Badavattamman Salai, East Cemetery Road, Thandaiyarpettai, Greenways Road, Sathiya Moorthy Nagar, Aathama Nagar, MGR Nagar, R.A.Puram and other part of GCC, Chennai

### **Tenements under TNULM**

The Tamil Nadu Urban Livelihoods Mission, under its Social Mobilization and Institutional Development Component focuses on encouraging urban poor to form as self-help groups and provide them necessary training as per mission norms. Under the Self-Employment programme component, urban poor can avail benefit of subsidized loan as SEP-I, SEP-G and Bank Linkage to SHGs.

### **Issues to be highlighted:**

All the residents living in the tenements are those who are moved from one location due to flood related damages and evicted during implementation of various projects (Project Affected Families) and have been resettled in tenements established by

Tamil Nadu Habitat Development Board. The families in the tenements will be having address proof from their previous location only. Thus, banks must be instructed that they must not insist on local address proof for all SHGs members and must not insist on change in address in Aadhar Card proof. Group account could be opened if at least 2 members of the group provide local address proof.

**Community Based Recovery Mechanism (CBRM)**

Community Based Recovery Mechanism is a community managed system to help both SHGs and Banks. In order to ensure more credit to SHGs, effective monitoring and recovery of Non- Performing Assets (NPA), In rural area already formed the committee and its functioning effectively. Thus, it is requested to add one ALF Officer Bearer, One Community Organizer and Assistant Project Officer TNULM in the existing CBRM committee.

**The members of the CBRM committee are as follows in Urban area:**

Chairman	i	Bank Branch Manager
Members	ii	ALF Officer Bearers
	iii	Community Organizer (TNULM)
	iv	Assistant Project Officer (TNULM)

### **Bulk Loan to Area Level Federation (ALF)**

An Area Level Federation (ALF) is an association of SHGs consisting of representatives from all member SHGs, with the objective of supporting member-SHGs, (guiding and monitor the functioning of SHGs and forming and training new SHGs). The federation of SHGs is essential to deal with larger issues like bank-linkage, inter-group lending, negotiations with higher level structures and to gain greater bargaining power over the rights and privileges of SHGs.

ALFs play a vital role in representation for bank linkage and group lending among SHGs. Thus, it may be requested to provide bulk loans in ALFs as already given for PLFs in rural area.

As per guideline a minimum of 10 SHGs in a federation would be eligible to receive bulk loans. However, Banks are reluctant to lend to those Area Level Federations which have less than 30 SHGs under them. The average number of SHGs in an ALF is between 10-15 in various districts. Hence banks are requested to follow guideline and spirit and lend to those Area Level Federations which have a minimum of 10 SHGs under them.

### **Key Points:**

As per DFS instruction, banks should not insist on CIBIL Score for loan Processing

44,213 applications (1171%) have been rejected due to low CIBIL Score

1,50,697 applications (39.92%) are pending in banks/marketplace awaiting clearance for approval

Large banks such as Indian Bank, Indian Overseas Bank, State Bank of India and Canara Bank may increase their rate of approval of loans.

## **2. Major Issues in the process of PMSVANidhi Loan Sanctioning and**

### **Disbursement**

Despite instructions from Directorate of Financial Services (DFS) not to consider CIBIL criteria for loan sanction and disbursement, many banks are still insisting on CIBIL score for the applicant as well as spouse.

Many Banks branches are rejecting the applications citing the reason that the address of the applicant is in rural area (outside the service area of the concerned bank) and doing vending in the urban agglomeration.

During the field verification by the bank representative, if the vendor is not found in the specified location, the application is rejected on the grounds that they are not traceable.

In case of major banks in core cities where, the number of applications are excessively high, the returned/rejection case are more in number. There is no scope for applications to be transferred to other banks because the applicants are not willing to open separate savings bank account. This leads to applications getting stagnated in the market place.

The performance of private sector banks Viz., Karur Vysya Bank, Tamil Nadu Mercantile Bank, City Union Bank, The South Indian Bank needs a special attention, in this component.

Banks may be directed to fix target to their branches according to the number of applications received by them for sanctions and disbursement at the earliest.

### **PMSVANidhi – Second Tranche (Rs.20,000/-)**

In PMSVANidhi the credit support is provided in 3 tranches, with the first tranche being Rs 10,000. On timely repayment of the loan, the street vendors are supported with Rs 20,000 as the second tranche loan and on prompt repayment.

**Progress on Economic Development Schemes implemented by TAHDCO**

Pendency of applications for sanction was reviewed in the 172<sup>nd</sup> SLBC meeting on Credit Flow and Financial Inclusion on 28.10.2022 wherein MD TAHDCO informed that some branches are still following the Service Area Approach and hence the pendency of applications are on higher side. MD, TAHDCO urged the Member Banks to quickly sanction / disburse all the pending applications at the earliest. SLBC has called for the details of pending applications Bank wise District wise from TAHDCO. On receipt of the details we will follow up with the LDMs /Banks.

SLBC advises Indian Bank, State Bank of India, Canara Bank and Indian Overseas Bank having more pendency for sanction, to take suitable measures to bring down the number before the next review. Also, TNSC bank is advised to take up with PACS to bring their pendency level down. The bank wise details of pending application for sanction / disbursement as on 31.10.2022 is furnished in the annexure.

SLBC once again advises the Member Banks to bring down the pendency of applications considerably by disbursing loans on priority basis and submitting UCs to TAHDCO immediately.

**PM Formalisation of Micro Food Processing Enterprises Scheme (PMFME Scheme) – need for improvement**

We all are aware that as a part of Aatmanirbhar Bharat Abhiyan, the Ministry of Food Processing Industries (MoFPI), GOI has implemented the Centrally Sponsored Scheme "PM Formalization of Micro Food Processing Enterprises – (PMFME) Scheme" to promote the unorganized food processing units and for providing financial, technical and business support for upgradation of existing micro food enterprises and increased access of credit to new enterprises.

Under the scheme, applications for Credit Linked subsidy for Individuals and groups are being submitted in the online portal and recommended by the District/State Officials to concerned bank branches for processing.

The performance of the banks is being reviewed periodically by the Govt. of India.

The Banks-wise, District-wise performance under the scheme as on 30.07.2022 from inception are provided in the annexure. We also attach the age wise pendency of loan applications by banks as on 08.08.2022.

Director of Agriculture Marketing and Agri. Business, Chennai vide letter FPI/11878/2020 dated 01.08.2022 has informed that there is huge pendency of applications in bank branches and few banks have not yet logged into PMFME portal to view and process the applications. Hence, in order to monitor the entire process and expedite the same, GoTN has proposed the following:

- State level coordinator for all the banks shall be assigned and the progress may be reviewed periodically.
- District level coordinator exclusive for PMFME scheme to be nominated, to co-ordinate with all bankers and District Nodal Officers in their respective districts.
- A special cell to monitor the scheme has to be formed at the State level.

In this regard, SLBC has sent communication to all the Member Banks to provide us the details of State Level coordinator for their banks and at district level, the concerned LDMs shall act as the District level coordinator. Also, LDMs were advised to provide the disaggregate target to the branches in their districts.

As our State has huge potential in food processing sector, and there is ample scope for achieving the targets under the scheme, SLBC requests the Member Banks to sensitize their field level officers about the potential available under the scheme for our State and instruct their branches concerned for speedy process of all eligible applications.

**PMAY(U) – Housing Loans to the beneficiaries**

“Pradhan Mantri Awas Yojana — Housing for All (Urban)” is a comprehensive mission to achieve the goal of “Housing for All” in Urban India. In Tamil Nadu State Level Nodal Agency (SLNA) is Tamil Nadu Urban Habitat Development Board (TNUHDB). The components of the scheme include Credit Linked Subsidy Scheme (CLSS), Affordable Housing in Partnership (AHP) and Beneficiary Led Constructions (BLC). Review of progress under the scheme is one of the regular agenda since 167<sup>th</sup> SLBC meeting and the performance of the banks are not at the desired level. The gist of the schemes are provided below:

**1. Credit Linked Subsidy Scheme (CLSS):**

Credit linked subsidy will be provided on home loans taken by eligible urban poor for acquisition, construction of house. Beneficiaries of Economically Weaker Section (EWS) and Low Income Group (LIG) seeking housing loans from banks, Housing Finance Companies and other such Institutions would be eligible for an interest subsidy at the rate of 6.5% for a tenure of 15 years or during tenure of loan whichever is lower.

**2. Affordable Housing in Partnership (AHP):**

In this scheme, Govt. of India share is Rs. 1.5 lakh, GoTN share is Rs.7.00 lakh and balance amount to be borne by the beneficiaries. GoTN provided the highest amount of subsidy to make the house affordable for the EWS families. Beneficiaries share ranges from Rs.1.00 lakh to Rs.5.00 lakh depending the scheme.

**3. Beneficiary Led Constructions (BLC):**

Under this scheme, beneficiaries have to construct house on his own land with GOI share of Rs. 1.5 lakh, GoTN share of Rs.0.60 lakh and balance by beneficiary. The main challenge in achieving the completion targets is the inability of beneficiaries to mobilise their share of construction cost. The role of PLIs is crucial in providing credit facilities to such eligible beneficiaries.

The bank wise / district wise sanctions under the schemes are placed as Annexure.

SLBC requests Member Banks to formulate their own strategies to improve the sanctioning of loans under all the schemes for the benefit EWS beneficiaries.

### **Business Model for financing Joint Liability Groups (JLGs)**

The JLG approach is a major product propagated by NABARD for purveying microfinance in rural India for meeting the credit needs of Small / Marginal farmers / Tenant / Oral lessees and share croppers and micro enterprises in Off-farm sector to enhance opportunities for livelihood in terms of income and employment by making available collateral free credit through the banking system. The JLG product plays a vital role in covering the excluded farmers/ micro-enterprises in the fold of banking system. It is however observed that the progress under the JLG scheme has been less than satisfactory. While some RRBs, Cooperative Banks and Public Sector Banks have been participating in JLG lending with/without our JLG Promoting Institution (JLGPI) support, the performance has been lacklustre and many banks have not participated whole-heartedly for lack of adequate focus.

After analyzing the ground situation and keeping in view the immense scope of utilizing the network of BC Agents, it is felt that as directed by RBI in the JLG guidelines of November 2014, Banks can easily co-opt BCs/ CSPs for taking on a Business facilitator role and rope them in for formation, monitoring and extending hand holding support to the JLGs as an add on function. Some of the PSU banks and a few RRBs are already utilizing the services of BCs as BF (JLGPI) for deepening their JLG portfolio with good results. This not only externalizes some of the bank's functions - mainly of monitoring, ensuring high touch, hand holding and following up for timely repayments but also enables the BC Agents to get additional income from managing the JLGs.

It is suggested that in order to scale up the JLG approach in their areas, Banks may consider the route of entering into an MOU with Regional Offices of NABARD or Head Office of NABARD (in case of Pan India Project) with provision of assured support from NABARD, where the concerned bank shall take the onus of extending credit support to JLGs on terms and conditions to be mutually decided upon. Wherever banks enter into an arrangement with Corporate BCs for Business Facilitation as JLGPI, a tripartite agreement may be more suitable which will also specify the service charges to be shared by the BC agent with the Corporate BC. In cases where banks do not have good BC networks or find it convenient to engage identified NGOs to act as JLGPI, a tripartite agreement between Bank, NGO and NABARD may be entered into. The capacity of NGOs in terms of availability of team of animators and Project Managers would be critical for delivery.

Details of the suggested strategy framework to enable Banks to build a credible JLG portfolio under the model are given below.

## 1. Objectives

- i. To build a good quality JLG portfolio with the objective of increasing flow of credit to farmers, especially small, marginal, tenant farmers, oral lessees, share croppers/ individuals taking up farming activities.
- ii. To rope in Small Finance Banks and Scheduled Private Banks into JLG finance on a much larger scale, at affordable cost, by leveraging on the existing BC network/ local NGOs as channel partners.
- iii. To ensure high touch and close monitoring of JLGs through BCs/NGOs/Bank Staff for ensuring quality credit portfolio with high repayment performance.
- iv. To make available additional income opportunity to BC Agents/ CSP on a sustainable basis through management of JLG portfolio by building capacities.
- v. To augment flow of credit to Micro Entrepreneurs/ artisans/ individuals in Non-Farm sector activities through JLG mechanism.

## 2. Support from NABARD

### a. Incentive from NABARD for promotion of JLGs

NABARD shall provide grant assistance to the Banks for passing on to Corporate BC/ NGO-JLGPIs, as the case may be, for formation, nurturing and financing of new JLGs @ ₹ 4,000/- per JLG. The incentive shall be linked with the financing of the JLGs and shall be released in three instalments as indicated below.

- i. First instalment of ₹ 2,000/- would be released after disbursement of loan by the bank.
- ii. Second instalment of ₹ 1,000/- would be released after one year from the date of loan disbursement subject to the certification by the financing bank that the loan repayment is regular / without default by all the individual members of the JLG.
- iii. Third instalment of ₹ 1,000/- would be released on closure of the loan account by all members of JLG or after the end of second year from the date of loan disbursement subject to similar certification from financing bank, whichever is early.

Incentive will be available for the 1st cycle of loan only. It is expected that from the 2nd cycle onwards the portfolio size will grow and the service charges on the outstanding loans alone will be adequate to take care of the BC's/ NGO's remuneration.

The above incentive is also available to the Banks eventhough they undertake formation and nurturing of JLGs through their staff.

### **b. Training of dedicated team of Master Trainers**

A pool of master trainers comprising of identified officials from the Bank's Head Office, Bank's Regional Office and the concerned Project Staff of Corporate BC/ NGO-JLGPI would be created by imparting them training on the nuances of JLG approach, management of JLG portfolio and MIS of JLGs. The training programme will be arranged and supported by NABARD for the Banks who have signed a MOU or a tripartite agreement for scaling up JLG financing.

### **c. Mentoring**

NABARD through an expert and experienced agency will undertake, on location mentoring of concerned Bank Officials, Corporate BC and BC Agents. The proposed mentoring is expected to upgrade the skills of different stakeholders in performing their respective roles and responsibilities and enable managing a good JLG portfolio.

### **3. Interest Rates**

The financial incentive to be paid by the Bank to the BC/ NGO-JLGPI, as above, may be factored into the ultimate lending rates applicable to JLGs. The rates will vary between banks depending upon their MCLR, however, **it may be ensured that in no case the interest rates exceed the average one year MCLR of Public Sector Banks +10%.**

### **4. Support from participating Banks**

#### **a. Financial Incentive**

It is envisaged that in order to sustain the interest of BCs, NGO-JLGPIs on a durable basis, the banks would be paying service charges to BC Agents/ JLGPI. This would ensure continued engagement of BC Agents/ JLGPIs with the community and management of the portfolio on a long term basis. While Bank may negotiate and finalize the service charges in consultation with Corporate BC/ NGO-JLGPI. it is suggested that the range of service charges could be between 2% - 4% p.a. Wherever the Corporate BC / NGO-JLPI is prepared to guarantee the default risk, the service charges payable may be higher say upto 6 % p.a. The service charges would be payable on outstanding loans to JLGs so long as the JLG account remains regular and in Performing Status. The fee sharing mechanism between the BC Agent & Corporate BC would be specified in the agreement/ MOU.

#### **b. Training of Branch Officials/ BCAs**

In order to sensitize the identified branch staff in the JLG business, it is envisaged that the bank would conduct a two day training programme at their own facility. The training programme is intended to impart conceptual clarity about the model and the roles of each stakeholder. The training would be conducted by the Banks Master Trainers already trained with NABARD support.

### **c. Training of BC Agents**

After the BCAs suitable for taking on the function of JLG promotion role are identified by the Bank/ Corporate BC an intensive two day training programme may be held by the Corporate BC's Master Trainers. It is expected that each BCA/ animator would manage not more than 30 JLGs in his/her area of operation so that proper monitoring and follow-up can be exercised by him/her. For every 20-25 BCAs, one Project Staff of the Corporate BC / JLGPI would be required so that proper control over BCAs can be exercised.

### **5. Loan Facility**

For enabling close monitoring and high touch with the JLG members it is envisaged under this model that the loan facility will be Term Loan with repayments at monthly rests. EMI may be worked out for each loan and advised to the JLG member in the beginning.

### **6. Quantum of loan**

The quantum of loan depends upon the nature of activity. However, at times it is possible that under this model, the unit cost of activity is only part financed, while the rest is managed by the borrower. It is envisaged that the loan amount will be less in the first cycle and the quantum of loan will gradually go up with each subsequent cycle of loan depending upon the requirement of the activity. The bank may fix a suitable loan limit for first cycle of loan per member with increments in each subsequent cycle. To enable operation of joint liability mechanism, each member of JLG would ideally be provided equal amount of loan in each cycle so that each member of the group has equal liability. Say for example in the first cycle the loan amount could be as low as ₹ 25000/- per member and may be incrementally raised to ₹ 1 lakh per member depending on the credit history and the need of the JLG.

### **7. Repayment period**

As against the project based lending where the repayment period is linked to projected cash flows, under the suggested model it is proposed not to follow the typical project lending model but to ensure that small amounts are repaid by JLG members on monthly basis. It is suggested that the repayment period may not exceed 18 months in the first credit cycle, however, in the subsequent cycles the repayment period may go up to 36 months. The repayments are expected not only from the activity for which loan was taken but also from family's overall income stream. In case the dues are not paid in 90 days the account of JLG member would be classified as NPA.

### **8. NABARD Refinance**

NABARD will provide refinance assistance under investment credit to the banks against their lending to JLGs as per refinance policy for the schematic lending for the year 2021-

22. Under the Pilot Project, preference will be given to the Banks agreeing for availing NABARD refinance.

### 9. Preference to districts with low PSL

In order to address the regional disparity in the flow of priority sector credit and to increase credit flow in the underserved and unserved areas, preference will be given to the Pilot Project submitted in the districts falling under LWE districts, aspirational districts and 184 districts identified by the RBI as districts with comparatively low PSL credit.

### 10. Sanctioning process

For quick and timely disposal of credit, the branches may be delegated with the sanctioning power so that all JLG loans are sanctioned by the Branch Manager. Alternatively, a dedicated team/ Central Processing Unit at Regional Office of the bank may also take on this role.

### 11. Loan Disbursement, Monitoring and Recovery

- i. Financing of individuals in the JLG is proposed to be adopted under this framework. The loans may be disbursed preferably in cashless mode by credit to the savings bank account of the JLG member. The JLG members may also be encouraged to save a specified amount each month (say ₹ 100). All the JLG members of a JLG will be required to visit the bank branch on the day of disbursement. The terms and conditions of sanction would be communicated highlighting the importance of on time repayment, by the branch manager.
- ii. The JLG member account may be Aadhaar seeded and preferably also mobile seeded and she/he may be provided with a RuPay card to operate the account through micro-ATMs. Each JLG member would also be given a loan passbook so that her/ his repayments are recorded every month. The passbook will have all necessary details viz. Loan amount sanctioned and disbursed, EMI fixed, No. of instalments, Interest rate on loan, penal interest on default etc. Receipts towards repayment of EMI would be issued by the BC/ JLGPI to the JLG member. It would be desirable if an SMS alert can be triggered by the Bank on credit of repayment instalment by the JLG member. SMS alert may also be enabled to go to the members/ BCA reminding about the amount of EMI due and the due date.
- iii. The JLGs through peer pressure will ensure loan utilization and timely repayment. All members will be collectively liable for any default. In case of default by one member, joint liability concept will operate and all the other members will contribute to make good the shortfall. However, the Project Manager, BCA and Branch Managers would have to play a coordinated role to ensure good quality of loan portfolio.

- iv. The BC Agent/ JLGPI will facilitate the monitoring & recovery of loans. The BCA/ JLGPI will form a center in each village comprising of 2-8 JLGs i.e. 10-30 members. The center shall meet on monthly basis in a fixed place at a fixed day and time. The Branch officials are to maintain harmonious relations and continuous close contact and relationship with the JLG, BC/ JLGPI and the Project Manager.

## 12. MIS and Review

A strong MIS for monitoring the performance of JLGs and BCAs/ JLGPIs is a prerequisite for the success of this approach. Proper JLG wise registers may be maintained by the BCA for recording the transactions by members. Similarly, the Project Managers are required to maintain oversight on the activities of BCAs under him for which he may develop a suitable mechanism.

Review of the JLG member account may be done periodically, at least once every month. Agency fee to the BC/ NGO may also be approved and paid at quarterly rest based on the recovery performance.

## 13. Due Diligence

**Identification of BCAs/ NGOs:** The identification of BCA with the right aptitude for the job would be done by the bank in consultation with the Project Manager/ Corporate BC. In case the bank intends to avail the services of NGO for JLGPI role then the identification of NGO will be done by the Bank in consultation with NABARD.

**Identification of members:** The members of JLGs should be non-defaulting persons engaged in similar activity in the service area of BC agent. The identification of JLG members would be done based on business mapping of the villages. The Branch Manager and the Project Manager will be closely involved in the potential mapping exercise. The JLG members should have/ or should open a basic SB / PMJDY account with the bank. It would be desirable to look into the credit history of prospective JLG members. In case the JLG member is already being serviced by some bank or MFI, it may be ensured that he will be able to service the loan being taken from the bank.

**Appraisal of JLG:** A suggestive appraisal tool for use by the financing banks was circulated vide our circular no. 184/MCID-09/2013-14 dated 27 August 2013. The banks may be advised to either use the suggested tool or their own assessment tool while appraising and financing JLGs. Appraisal involves borrower appraisal, credit/ cash flow risk, mutual guarantors risk and concentration risk.

**Processing Fee:** RBI guidelines to be followed. Maximum processing fee of 1% of the Gross Loan Amount can be levied by the bank at the time of sanction of individual loans in excess of ₹ 25000/-.

**Pre-sanction inspection:** To be undertaken by the branch official/ RO dedicated team with the assistance of BC Agent to verify identity and residence of JLG members. No inspection charges will be levied by the bank.

**Post-disbursement follow up & Recovery:** All repayments will preferably be scheduled between first and tenth of every month. BCA will visit each loan account on the due date. The Project Manager will visit all overdue accounts for follow-up. End use utilization shall be undertaken by the BCA and Project Manager to ensure proper utilization. Branch Manager shall verify minimum 10 loan accounts in a month on sample basis.

**Agricultural Marketing Infrastructure Scheme (New AMI Scheme)**

Directorate of Marketing and Inspection, Department of Agriculture and Farmer Welfare, Ministry of Agriculture and Farmer Welfare, Government of India vide their communication F.No.M-11011/12/New Scheme/2019-AMI (pt.3) dated 08.11.2021 has informed with regard to Agricultural Marketing Infrastructure (AMI) Sub-Scheme of INTEGRATED SCHEME FOR AGRICULTURAL MARKETING (ISAM) is being extended up to 31" March, 2022 or until further order whichever is earlier.

NABARD has informed that The AMI sub-scheme of ISAM is applicable for new credit linked projects, where term loan has been sanctioned by eligible financial institutions from 22.10.2018 onwards. NABARD is the channelizing agency for release of subsidy @ 25% to 33.33% of the capital cost for institutions eligible for refinance by NABARD or any other FI such as State Financial Corporations (SFCs) approved by DAC&FW.

SLBC vide its communication DT 09.11.2021 to all the Member Banks has informed on the extension of the scheme up to 31" March 2022 or until further order whichever is earlier.

Now, NABARD has informed extension and continuation of New AMI scheme up to 31.03.2023, received vide GOI notification dated 10.10.2022.

SLBC advises Member Banks to take note of the same and take up with NABARD for claim of subsidy as eligible under the scheme guidelines.

**Synchronization between ACP and PLP:**

The Annual Credit Plans (ACP), which are based on Potential Linked Plans (PLP) should address the gaps by identifying the challenges that hamper the growth of the district and at the same time focus on the potential of the concerned district. ACP formulation should be a scientific exercise emphasizing on the deficient districts and mapping the desired credit offtake with the identified potential of the districts. The ACP and PLP should be in sync and complementary to each other and that NABARD applies objective criteria for the preparation of PLP.

All the stakeholders must co-ordinate with NABARD to create objective criteria for preparation of PLP. It may include big data analytics and other available technologies such as satellite imagery, soil health card database and district infrastructure profiles

**Standardized System for data flow and its management – Uploading of data in the portal on monthly basis:**

As per the directions of Reserve Bank of India, SLBC has developed a standardised system to enable uploading and downloading of the data pertaining to the Block, District as well as the State by the member banks in the portal dedicated for this purpose on quarterly basis. The relevant data are ported directly from the CBS and / or MIS of the banks in the portal in the formats prescribed by RBI.

Hitherto, Banks have been uploading the data in the portal on Quarterly basis. The reports are shared to various departments of State Government, RBI and NABARD for review purpose from time to time.

In Special SLBC meeting held in the past under the Chairmanship of Hon'ble Chief Minister and Hon'ble Finance Minister the need for submission of data on more frequent basis to Government was emphasized.

Accordingly, Member Banks were advised to upload the data in the portal in the prescribed format on monthly basis. The banks shall start to upload the data on monthly basis starting from April 2022 and data is to be uploaded on or before 10<sup>th</sup> of the following month. However, it is found that all banks are not uploading the data monthly despite several reminders.

The Member Banks may share their views to know their difficulties in order to find a suitable solution in this regard.

Sir,

Elderly SHGs - Credit linkage to elderly SHGs -  
Regarding.

Ref : 1) AAP 2022-23.  
2) Senior citizen policy of Tamil Nadu Government.  
3) Field inspection report of Additional Director (RD).

The dependency ratio of senior citizens in Tamil Nadu has increased from 15.8% in 2011 to 20.5% in 2021 and is expected to rise to 28% in 2031. The Government of Tamil Nadu is framing the state policy for senior citizens, 2022 with welfare measures that aim to build their livelihoods.

Micro finance/Micro credit is one such avenue to improve, enrich and empower the lives of the senior citizens. The state policy for senior citizens also aims to facilitate Micro finance / Micro credit with no age barrier.

Social Inclusion and Social Development (SISD) component is implemented under TNSRLM and as per the directions of the Government, elderly people survey was conducted across the State in 12,525 panchayats. Based on the policy of NRLM, MoRD, GoI exclusive special groups were formed in all panchayats with 6 to 10 members per SHG. The ADRDs and JDs have reported that during their field inspections, the mission staff and Community resource persons are finding it difficult to

open Bank accounts for the special SHGs particularly ESHGs and Bankers are insisting for PAN card for elderly SHG members.

Also, the elderly SHGs formed during 2020-21 and 2021-22 have not been provided with even small amount of micro credit( ie, Rs.50,000 /- to Rs.1,00,000/-) for the last 2 years.

In the SHG Bank Linkage programme, the right to credit is ensured through easy access to credit through credit institutions, adequate credit, timely delivery of credit and availability of credit at an affordable interest rate to SHG members with no barrier on age.

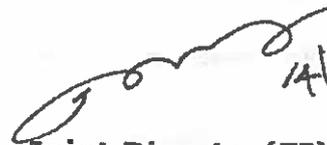

But often we have come across incidences of elderly SHG members being debarred from accessing the credit under SHG-BLP due to their age.

Since special SHGs, particularly elderly SHGs are not getting credit from Banks, they have to depend on Revolving Fund and Community Investment Funds provided by TNSRLM. Elderly SHG members of around 20,000 SHGs in Tamil Nadu are willing to take small livelihood activities like goat rearing, Dairy, petty shops, tea shop etc., and NRLM, GoI insists that elderly SHGs should be motivated to avail credit.

We request SLBC, Tamil Nadu to take immediate action and issue suitable instructions to member Banks and LDMs to refrain denying credit Linkage to Elderly SHG members citing age as a reason. This may also be discussed as an agenda in SLBC and DLCC/DLRC meetings.

**Availability of printed material in trilingual form.**

It has been brought to RBI notice that the loan application forms issued by nationalized banks are available only in English and Hindi. In terms of our Master Circular on Customer Service in Banks "In order to ensure that banking facilities percolate to the vast sections of the population, banks should make available all printed material used by retail customers including account opening forms, pay-in-slips, passbooks, etc., in trilingual form i.e., English, Hindi and the concerned Regional Language.

In this regard, we advise all the banks to ensure the availability of printed materials used by the retail customers should be in trilingual form.

**Acceptance of Rs.10 coins**

The Reserve Bank of India puts into circulation, coins minted by the Government of India through its various Issue Offices. ₹10 coins were first introduced in the year 2009 in bi-metallic style with the theme "Unity in Diversity" and "Connectivity and Information Technology". Since then, ₹10 coins with various designs have been issued from time to time.

Banks in various districts have informed that ₹10 coins are not being accepted by general public for daily transactions due to rumours and misinformation through social media doubting the genuineness of these coins. We have been receiving queries from public on the legal tender status of these coins. Few merchant associations and chambers of commerce have also written to us expressing their difficulty in transacting with ₹10 coins and bank branches refusing to accept ₹10 coins.

In the recent District Level Currency Management Committee (DLCMC) meetings held at Coimbatore and Trichy, the issue of acceptance of ₹10 coins was discussed extensively and it was decided that banks can collectively issue advertisements at district level to dispel all misinformation surrounding ₹10 coins and encourage the members of the public to use ₹10 coins for daily transactions.

In this regard, following actions are proposed:

- (i) Government to issue instructions to the State owned transport corporations to accept ₹10 coins from the public which will instil confidence to the general public and also arrange for display of posters in this regard in the public transport.
- (ii) Banks are advised to spread awareness about the acceptance of ₹10 coins and encourage the customers to use ₹10 coins for daily transactions by display of posters in this regard in all their branches.
- (iii) Publishing of advertisement jointly by all banks in the respective districts in coordination with the Publication Division of the Government.

**Participation of Bank representatives in the district/block level meetings**

The Lead District Manager (LDM) convenes the DCC/ DLRC meetings. The District Collector is the Chairman of the DCC/DLRC meetings. Reserve Bank of India, NABARD, all the commercial banks including Small Finance Banks, Wholly Owned Subsidiaries (WOS) of Foreign Banks, RRBs, Payments Banks, Co-operative banks including the District Central Cooperative Bank (DCCB), various State Government departments and allied agencies are the members of the DCC/DLRC. The public representatives will participate in DLRC meetings. Further, LDM chairs the BLBC (Block Level Bankers Committee) meeting in which all the bank branch managers in the Block along with the DDM, NABARD and local Govt. Officials participate and deliberate on the issues pertaining to that Block. It is observed that the representatives of some banks in many districts are not participating in the DCC/DLRC/BLBC meetings. SLBC advises all the banks to ensure that their representatives are present in all the District/Block level meetings in order to address the issues/concerns of the respective District/Block.

**Online verification of the e-Bank Guarantees issued:**

Financing to Self Help Groups (SHGs)

The Tamil Nadu Corporation for Development of Women has set the credit disbursement target for the Year 2022-23 at Rs. 25000 crores. The Bank-wise/District-wise targets and achievements under SHG- BLP for the year 2022-23 up to September 2022 is provided in the annexure. The Bank wise achievement as on 30.09.2022 stands at Rs. 8289.54 crores.

(Rs. In Crores)

S.No	Particulars	Target		Achievement September 2022		% of achievement
		No. of SHG	Amount	No. of SHG	Amount	
1	SHG-BLP *	390633	25000	162520	8289.54	33%
2	PLF-Bulk Loan**	400	400	564	182.11	46%
3.	CGFMU Loan **	5000	750	3773	459.04	61%

SLBC advises Member Banks to sanction loans under **Cash Credit Limits (CCL)** to all eligible SHGs by fixing annual Drawing Power (DP). The amount of CC shall be fixed as per the norms and banks are advised to allow operations in the CCL up to Drawing Power to meet the short-term working Capital requirements.

Banks in the State have sanctioned an amount of Rs.182.11 crores against the sub-target of Rs.400 crores under PLF-Bulk loan facility. Also under CGFMU loan, banks in the State have sanctioned Rs.459.04 crores against the sub-target of Rs. 750 Crores for the FY 2022-23.

As lending to **Panchayat Level Federation (PLF)** for onward lending to SHGs will help them to bridge the gap arising out of the shortfall in loans availed from banks, SLBC advises Member Banks to increase the lending to PLFs.

**Credit guarantee Fund for Micro Units (CGFMU)** provides guarantee cover to banks up to 75% of the loan amount in case of default. Hence, Member Banks are advised to consider higher quantum of loan above Rs. 10 lakhs and up to Rs. 20 lakhs for eligible SHG groups to undertake enterprise activities.

### **Key Points:**

As per DFS instruction, banks should not insist on CIBIL Score for loan Processing

44,213 applications (1171%) have been rejected due to low CIBIL Score

1,50,697 applications (39.92%) are pending in banks/marketplace awaiting clearance for approval

Large banks such as Indian Bank, Indian Overseas Bank, State Bank of India and Canara Bank may increase their rate of approval of loans.

## **2.Major Issues in the process of PMSVANidhi Loan Sanctioning and**

### **Disbursement**

Despite instructions from Directorate of Financial Services (DFS) not to consider CIBIL criteria for loan sanction and disbursement, many banks are still insisting on CIBIL score for the applicant as well as spouse.

Many Banks branches are rejecting the applications citing the reason that the address of the applicant is in rural area (outside the service area of the concerned bank) and doing vending in the urban agglomeration.

During the field verification by the bank representative, if the vendor is not found in the specified location, the application is rejected on the grounds that they are not traceable.

In case of major banks in core cities where, the number of applications are excessively high, the returned/rejection case are more in number. There is no scope for applications to be transferred to other banks because the applicants are not willing to open separate savings bank account. This leads to applications getting stagnated in the market place.

The performance of private sector banks Viz., Karur Vysya Bank, Tamil Nadu Mercantile Bank, City Union Bank, The South Indian Bank needs a special attention, in this component.

Banks may be directed to fix target to their branches according to the number of applications received by them for sanctions and disbursement at the earliest.

### **PMSVANidhi – Second Tranche (Rs.20,000/-)**

In PMSVANidhi the credit support is provided in 3 tranches, with the first tranche being Rs 10,000. On timely repayment of the loan, the street vendors are supported with Rs 20,000 as the second tranche loan and on prompt repayment.

The following is the summary of performance of the state under the second tranche of this scheme.

## **Self Help Group Account Opening in Tenements**

### **Tenements in Greater Chennai Corporation**

Chennai and its surrounding districts like Kanchipuram and Thiruvallur, has major industrial establishment viz., Sholinganallur, Perungudi, Ennore, Kelambakkam. Hence, the city changed to concrete Structure-Urban Jungle, which built up & paved area comprising around 64.4%.

During the floods of 2015, according to Corporation of Chennai, around 58 slums along the Cooum and slums along Adyar are cleared. There were 4562 number of families which were evicted from River Adyar and 7569 families from the banks of river Cooum. In addition to these major rivers, there were another 6790 families that were evicted from various parts of Greater Chennai region due to flood related damages.

Apart from 2015 floods, there were around 2393 families evicted during implementation of various projects (Project Affected Families) that needed to be resettled. The resettled tenements established by Tamil Nadu slum clearance board in Perumbakkam, Semmanachery, Navalur, AIR Land, Gudapakkam, Kannaghi Nagar, T-Sunami Nagar and Ezhil Nagar. Most of the households relocated from Pattinapakkam, Thideer Nagar, Sathiya Studio-Lake Area, Choolaimedu, Chetpet, Sathiyavani Muthunagar, Badavattamman Salai, East Cemetery Road, Thandaiyarpettai, Greenways Road, Sathiya Moorthy Nagar, Aathama Nagar, MGR Nagar, R.A.Puram and other part of GCC, Chennai

### **Tenements under TNULM**

The Tamil Nadu Urban Livelihoods Mission, under its Social Mobilization and Institutional Development Component focuses on encouraging urban poor to form as self-help groups and provide them necessary training as per mission norms. Under the Self-Employment programme component, urban poor can avail benefit of subsidized loan as SEP-I, SEP-G and Bank Linkage to SHGs.

### **Issues to be highlighted:**

All the residents living in the tenements are those who are moved from one location due to flood related damages and evicted during implementation of various projects (Project Affected Families) and have been resettled in tenements established by

Tamil Nadu Habitat Development Board. The families in the tenements will be having address proof from their previous location only. Thus, banks must be instructed that they must not insist on local address proof for all SHGs members and must not insist on change in address in Aadhar Card proof. Group account could be opened if at least 2 members of the group provide local address proof.

### **Community Based Recovery Mechanism (CBRM)**

Community Based Recovery Mechanism is a community managed system to help both SHGs and Banks. In order to ensure more credit to SHGs, effective monitoring and recovery of Non- Performing Assets (NPA), In rural area already formed the committee and its functioning effectively. Thus, it is requested to add one ALF Officer Bearer, One Community Organizer and Assistant Project Officer TNULM in the existing CBRM committee.

### **The members of the CBRM committee are as follows in Urban area:**

Chairman	i	Bank Branch Manager
Members	ii	ALF Officer Bearers
	iii	Community Organizer (TNULM)
	iv	Assistant Project Officer (TNULM)

### **Bulk Loan to Area Level Federation (ALF)**

An Area Level Federation (ALF) is an association of SHGs consisting of representatives from all member SHGs, with the objective of supporting member-SHGs, (guiding and monitor the functioning of SHGs and forming and training new SHGs). The federation of SHGs is essential to deal with larger issues like bank-linkage, inter-group lending, negotiations with higher level structures and to gain greater bargaining power over the rights and privileges of SHGs.

ALFs play a vital role in representation for bank linkage and group lending among SHGs. Thus, it may be requested to provide bulk loans in ALFs as already given for PLFs in rural area.

As per guideline a minimum of 10 SHGs in a federation would be eligible to receive bulk loans. However, Banks are reluctant to lend to those Area Level Federations which have less than 30 SHGs under them. The average number of SHGs in an ALF is between 10-15 in various districts. Hence banks are requested to follow guideline and spirit and lend to those Area Level Federations which have a minimum of 10 SHGs under them.

**Progress Report on Stand Up India (SUI) Scheme**

The District wise and Bank wise performance details under Stand Up India (SUI) scheme for the state of Tamil Nadu as on 30.09.2022 (01.04.2022 to 30.09.2022) is furnished in the Annexure.

Banks in Tamil Nadu have sanctioned Rs. 3705.08 crore and disbursed Rs.1777.90 crore for SUI loans in both the category.

SLBC requests Member Banks to speed up disbursement of sanctioned loans as well as sanction all eligible pending applications.

Under Stand Up India Scheme, the Government of India has advised the Banks to finance two loans per branch – one each to SC/ST beneficiary and Women beneficiary. Hence, Banks have to extend financial assistance to beneficiaries equal to twice the number of their Branches in the state. The achievement level is far below the target given by the Gol.

Member Banks are requested to actively involve themselves in the implementation of Stand Up India scheme and to achieve the targets as advised by Gol. Further, Member Banks are also requested to issue suitable instructions to their branches to log into the SUI portal on regular basis and process the applications on priority basis and update the sanctions in the portal.

SUI as on 30.09.2022

**Atal Pension Yojana (APY)**

Atal Pension Yojana (APY) is an initiative by the Government of India for ensuring old age security for Indian citizens and for building a pensioned society. APY needs a special attention on itself considering the huge population, which is beyond the scope of pension.

The District-wise and Bank-wise APY accounts opened from 1<sup>st</sup> April 2022 to 30<sup>th</sup> September 2022 is placed in the Annexure.

Tamil Nadu Mercantile Bank is the only bank in the state who has surpassed the March 2023 target. Five banks have done well in enrolling APY by achieving proportionate target up to September 2022. The banks are Bank Of India, Indian Bank, Canara Bank, TNGB, Indian Overseas Bank. Except for the above six banks, all the other banks have shown poor performance so far which has pulled down the average achievement.

All member Banks are advised to take the issue seriously and guide their branches and ensure achievement of the target month after month.

Similarly, Kallakuruchi and Tirupattur districts have done well and surpassed the target for March 2023 whereas 11 districts have achieved proportionate enrollment target for September 2022. The remaining districts have performed poorly. Banks with Lead District responsibility are advised to sensitize their LDMs and ensure achievement of proportionate monthly enrolment targets.
