Extension of credit facility to Oil Palm Cultivation:

Oil palm cultivation assumes significance for augmenting the indigenous availability of edible oil as it is the highest oil yielding perennial crop. With good planting material, irrigation and proper management, oil palm has the potential to produce 20-25 MT fresh fruit bunches (FFB) per hectare after attaining the age of 5 years. Palm oil is one of the major oils traded in global edible oil and fat market. At present, it is the largest source of vegetable oil in the world.

Our State is one among the other few states having potential for Oil Palm cultivation. In view of the importance and significance of oil palm cultivation, DAC&FW had taken up Technology Mission on Oilseeds & Pulses (TMOP) in the potential states.

In view of the importance given to Oil Palm Cultivation, SLBC requests Member Banks to encourage viable projects and extend financial assistance to oil palm extraction units, which will enable import substitution of edible oils through domestic production.

Farmers Producers Organisations (FPO):

Agriculture (AM3) Department, GoTN, vide their G.O (Ms.) No.173 dated 04.08.2020 had informed that the Government of India (Ministry of Agriculture and Farmers Welfare) has launched a Scheme for "Formation and Promotion of 10,000 Farmer Producer Organisations" to be implemented through States with various objectives.

In order to monitor the successful implementation of the scheme two committee's viz., State Level Consultative Committee (SLCC) and District Level Monitoring Committee (DLMC) were constituted.

SLBC vide its communication dated 17.08.2020 had informed all the LDMs for constitution of DLMC for the overall coordination in implementation of the scheme within the District for cluster development and to address challenges faced by FPOs.

As per NABARD, there are around 750 FPOs in the State, of which 350 have been formed with their support, which includes FPOs supported under CSS for formation and promotion of 10000 FPOs. All these FPOs have been registered under Companies act.

As the FPOs are involved in wide range of activities, from production to services, they require financial assistance both in the form of term loan and working capital.

Hence, SLBC requests Member Banks to provide financial assistance in order to promote FPOs in the State.

Expanding and Deepening of the Digital Payment Ecosystem

In the meeting of RBI Governor with CEOs of Public Sector Banks and Chief Executive of Indian Banks Association (IBA) on July 19, 2019, among other matters, thrust was given on expanding and deepening of digital payments ecosystem in line with the recommendations of the Report of the Committee on Deepening of Digital Payments (Chairman-Shri Nandan Nilekani) and Reserve Banks' Payment System Vision Document 2021.

And it was decided to identify one district in each state, in convergence with the 'Transformation of Aspirational Districts' program of Government of India to make it 100% digitally enabled within a time frame of one year in close co-ordination and collaboration with all stakeholders, including SLBCs, State Governments, Regional Offices of RBI, etc.

SLBC in its 159th SLBC Main Meeting held on 26.09.2019 proposed Virudhunagar District (Lead Bank-IOB) to be the Digital District with the due approval of the forum. The initial timeline for completion of 100% digitalization of Virudhunagar district was October 2020, but was extended up to March 2021 due to the disruptions caused by COVID-19 pandemic. Upon completion of the deadline, RBI had reviewed the performance and advised SLBCs to take up the impeding issues with renewed focus and ensure 100% coverage of identified districts at the earliest.

Based on the experience gained during implementation of the pilot programme, RBI has requested SLBC to extend the programme in one or two other districts.

Accordingly, SLBC requests Indian Bank, Canara Bank and SBI having Lead Bank responsibilities in the State to name one district each after a feasibility assessment considering factors such as availability of digital infrastructure/internet connectivity, literacy level among the population etc. and provide the same to SLBC within 10 days of this meeting for onward submission to RBI.

While SLBC thanks the bank branches in Virudhunagar district for supporting the programme, we also advise them to continue to proactively involve themselves to cover all the eligible under the given parameters in order to achieve 100% digital coverage.

While the initial timeline for the completion of the programme was October 2020, keeping in view the challenges and disruptions brought about by Covid-19 pandemic, the timeline was extended till March 2021.

2. Upon completion of the extended timeline, an internal review of the programme was undertaken wherein it was observed that as on March 31, 2021, on an average, 95.86 percent of eligible operative savings accounts and 89.81 percent of eligible operative current/ business accounts across 42 identified districts were digitally covered with at least one of the digital modes of payments. District-wise achievement position, as reported by Nodal Banks for their respective districts, is given at Annex I. Nodal banks highlighted factors such as lack of awareness/ confidence among individuals as well as small businesses/ shopkeepers in adapting to digital payment modes, poor internet connectivity in villages etc. as major impediments in achievement of 100% digital coverage in the identified districts.

3. While the progress in digital coverage across identified districts is noteworthy, it is nevertheless important to cover the remaining individuals and businesses. Therefore, SLBCs/ UTLBCs are advised to take up the impeding issues with renewed focus and ensure 100% coverage of identified districts under their jurisdiction at the earliest. Accordingly, Nodal banks should continue submitting monthly progress reports in the prescribed formats to RBI Central Office, as hitherto.

4. Further, with a view to leveraging the experience gained during implementation of the pilot programme, SLBCs/ UTLBCs are requested to extend the programme in one or two other

Integrated Farming Systems (IFS)

At present, the farmers concentrate mainly on crop production, which is subjected to a high degree of uncertainty in income and employment to the farmers. In this contest, it is imperative to evolve suitable strategy for augmenting the income of a farmer.

The integrated farming system approach introduces a change in the farming techniques for maximum production in the cropping pattern and takes care of optimal utilization of resources.

A judicious mix of agricultural enterprises like dairy, poultry, piggery, fishery, sericulture etc. suited to the given agro-climatic conditions and socio-economic status of the farmers would bring prosperity in the farming.

Integrated Farming System helps in the following:

- Higher food production to equate the demand of the exploding population of our nation
- Increased farm income through proper residue recycling and allied components
- Sustainable soil fertility and productivity through organic waste recycling
- Integration of allied activities will result in the availability of nutritious food enriched with protein, carbohydrate, fat, minerals and vitamins
- Integrated farming will help in environmental protection through effective recycling of waste from animal activities like piggery, poultry and pigeon rearing
- Reduced production cost of components through input recycling from the byproducts of allied enterprises
- Regular stable income through the products like egg, milk, mushroom, vegetables, honey and silkworm cocoons from the linked activities in integrated farming
- Inclusion of biogas & agro forestry in integrated farming system will solve the prognosticated energy crisis
- Cultivation of fodder crops as intercropping and as border cropping will result in the availability of adequate nutritious fodder for animal components like milch cow, goat / sheep, pig and rabbit
- Firewood and construction wood requirements could be met from the agroforestry system without affecting the natural forest
- Avoidance of soil loss through erosion by agro-forestry and proper cultivation of each part of land by integrated farming
- Generation of regular employment for the farm family members of small and marginal farmers.

SLBC requests Member Banks to support Integrated Farming projects by providing adequate credit facilities to enhance the livelihood of farmers especially small and marginal.

Adopting Financial Education Workbook in School Curriculum of Tamil Nadu

Reserve Bank of India has been advising several financial literacy measures for imparting efficacy to financial inclusion initiatives. An important measure in this direction is commencing financial education at school level by including it in school curricula. The Regional Director, Reserve Bank of India, Chennai had written a DO letter No. FIDD (Che)/934/02.08.001/2016-17 dated June 27, 2017 to the Secretary, School Education Department, Government of Tamil Nadu requesting him to adopt financial education workbooks in Tamil Nadu State Board School Curricula on the lines of the curriculum developed by CBSE. NCFE had follow-up meetings with the officials of Tamil Nadu State Council for Educational Research and Training (TNSCERT) on August 02, 2018 and October 10, 2018 and has shared all the financial education content for their perusal. A training programme was also conducted for the book committee members of TNSCERT. It was made to understand that TNSCERT had sought time to concur the financial education content. Further, RBI has written to Addl. Credit Enhancement Guarantee Scheme for Scheduled Castes

The Department of Social Justice & Empowerment under the aegis of Ministry of Social Justice & Empowerment, Government of India, has sponsored the "Credit Enhancement Guarantee Scheme for Scheduled Castes" under its social sector initiatives. The objective of the Scheme is to promote entrepreneurship amongst the Scheduled Castes, by providing Credit Enhancement Guarantee to Member Lending Institutions (MLIs), who shall be providing financial assistance to these entrepreneurs.

Standardisation of Data Flow- Timely submission of data to SLBC

RBI vide their Letter FIDD.CO.LBS.No.21/02.01.001/2019-20 dated 03.07.2019 had suggested Action Points for SLBC Convenor Banks/Lead Banks on developing a standardized system for data flow and its management by SLBC on their website.

In line with above, SLBC Tamil Nadu has a dedicated portal and provided login credentials to all the Member Banks for uploading the data pertaining to block, District as well as State.

As it was a time bound exercise, SLBC had advised the Member Banks to speed up the process of uploading of data as per the format envisaged by RBI so that the data will be readily available for SLBC to conduct its periodical meeting within the stipulated period.

However, to our dismay, even after repeated reminders and discussions in earlier SLBC meetings, there is no much progress. Still many banks have not even started to upload the data in the portal and the reasons given by them are not acceptable. Bank of India, Bank of Maharashtra, Punjab National Bank, Axis Bank, ICICI Bank, Dhanalakshmi Bank, Kotak Mahindra Bank, TNSC to name a few.

Inordinate delay in submission of data is in turn causing delay in conducting SLBC meetings within the stipulated time and is being viewed very seriously by Reserve Bank of India.

SLBC requests Member Banks who have so far not uploaded the data to immediately upload the same in the portal so that the data's are readily available in time for SLBC to conduct its meeting in time.

Progress Report on Stand Up India (SUI) Scheme

The District wise and Bank wise performance details under Stand Up India (SUI) scheme for the state of Tamil Nadu as on 31.03.2021 (01.04.2020 to 31.03.2021) is furnished in the Annexure A.

For the period from 01.04.2020 to 31.03.2021, Banks in Tamil Nadu have sanctioned 2794 loans to the tune of Rs. 626.35 Crores under Stand Up India Scheme and disbursed Rs. 98.86 Crores. The disbursement is very low as compared to sanction. SLBC requests Member Banks to re-double their efforts, sanction more under the Scheme, and disburse the pending sanctions at the earliest.

Under Stand Up India Scheme, the Government of India has advised the Banks to finance two loans per branch per year – one each to SC/ST beneficiary and Women beneficiary. Hence, Banks have to extend financial assistance to beneficiaries equal to twice the number of their Branches in the state. The achievement level is far below the target given by the Gol.

Member Banks are requested to actively involve themselves in the implementation of Stand Up India scheme and to achieve the targets as advised by Gol. Further, Member Banks are also requested to issue suitable instructions to their branches to log into the SUI portal on regular basis and process the applications on priority basis and also update the sanctions in the portal.

During the period under review, 15233 persons were trained in RSETIs. On account COVID 19 restrictions, training programmes are conducted as per Standard Operating Procedure issued by Gol and GoTN from time to time.

Sponsoring Banks of RSETIs should play an important role in credit linking of the candidates trained in their RSETIs.

SLBC advises the sponsor banks having lead bank responsibilities in the newly formed districts i.e Tenkasi, Kallakurichi, Ranipet, Tirupattur, Chengalpattu and Mayiladurai to update the status of opening of RSETIs at the earliest to cater to the training requirements of unemployed youths.

Atal Pension Yojana (APY)

Atal Pension Yojana (APY) is an initiative by the Government of India for ensuring old age security for Indian citizens and for building a pensioned society. APY needs a special attention on itself considering the huge population which is beyond the scope of pension.

Few banks have done extremely well in enrolling APY (achievement 90% and above 100%). On the other hand, most other banks have shown dismal performance so far which has pulled down the average achievement to 83.15% only.

All member Banks are advised to take the issue seriously and achieve 100% of target allotted to them.

The District-wise and Bank-wise APY accounts opened from 1st April 2020 to 31st March 2021 is placed in the Annexure.
